**ORDER ACCEPTING FINDINGS AND RECOMMENDATION OF
THE UNITED STATES MAGISTRATE JUDGE**

United States Magistrate Judge William F. Sanderson, Jr., made findings, conclusions and a recommendation in this case. Plaintiff filed objections, and the District Court has made a *de novo* review of those portions of the proposed findings and recommendation to which objection was made. The objections are overruled, and the Court accepts the Findings, Conclusions and Recommendation of the United States Magistrate Judge.¹

SO ORDERED this 6th day of July, 2010.

 JANE J. BOYLE
 UNITED STATES DISTRICT JUDGE

¹ It bears mention that, as noted by the Magistrate Judge, the ALJ's findings with respect to Dr. Lara Johnson's opinion that Plaintiff is disabled are somewhat confusing. Nonetheless, the Court agrees with the Magistrate Judge that the ALJ considered Dr. Johnson's opinion in light of the other medical evidence of record and found that ~~the~~ report of Campbell's medical condition was consistent with the other medical evidence of record but that her opinion regarding the disabling nature of Campbell's impairments was not supported by substantial evidence.
